ELECTRONICS

Mobiles

Mobile phones are no more merely a part of our lives. Whether it's to stay connected with friends and family or to keep abreast of important developments around the world, mobiles are no longer for sending a text or making a call. From budget to state-of-the-art smartphones; indigenous names to global big-wigs - a whole universe of mobiles await you on stock galaxy. Whether you're looking for waterdrop notch screens, a high screen to body ratio, AI-powered sensational cameras, high storage capacity, blazing quick processing engines or reflective glass designs, rest assured you won't have to venture anywhere else for your smartphone needs.

Mobile phones are no more merely a part of our lives. Cameras

Cameras, especially digital cameras, have become the rage in recent times. Most of the photography enthusiasts have armed themselves with dslr camera recently from brands like Canon, Nikon, Sony, GoPro cameras and are travelling to picturesque locations to capture stunning moments and convert them into photographic images. Although point and shoot cameras from Kodak and Sony are the still the preferred version of many expert photographers, digital cameras are the ones that have expanded the possibilities of experimenting with different styles of photography and help amateurs to click good pictures. Camera bags, tripods and lenses are significant accessories that photographers need to carry with them always.

A promotional advertisement for a Sony Alpha 7S III camera. The camera is shown from a three-quarter perspective, angled towards the viewer. It has a black body with red accents around the lens mount and a red 'α' logo. The lens attached is a SEL28F28GM, labeled 'F2.8/16-35 MM'. The background is dark with abstract white and green geometric shapes, including circles and lines, creating a futuristic feel. On the left side of the ad, there is text in a white and red sans-serif font: 'NOW RENT AND' on the first line, 'MAKE YOUR' on the second line, 'SPECIAL MOVEMENTS' on the third line, and 'PERFECTLY CAPTURED' on the fourth line. The overall aesthetic is sleek and modern.

The screenshot shows a website layout with a purple header featuring a circular graphic. The main content area has a light green background. At the top, there are four categories with images and labels: 'Cycles' (bicycle wheels), 'Home Gym Essentials' (dumbbells), 'Sports Equipments' (a pen), and 'Yoga Mats' (blue mats). Below this, a section titled 'Tool and Home Improvements:' contains four more categories: 'Cleaning Supplies' (mop and bucket), 'Home Gym Essentials' (red and white power strip), 'Safety and Security' (microwave in a kitchen), and 'Power and Hand Tools' (tool kit). The bottom of the page has a dark green footer with links to 'CUSTOMER SERVICE', 'ORDERS', 'POLICY', and 'SOCIAL' media.

The background features a dark blue gradient with a subtle radial blur effect. Overlaid on this are several abstract elements: a large, thin-lined circle in the upper right corner with numerical markings from 80 to 210; a smaller circle below it with markings from 90 to 140; and two dashed circles in the bottom corners, one with markings from 110 to 160 and another with markings from 120 to 170. Small white arrowheads point clockwise around these circles.

Home Electronics Fashion Groceries Home Accessories Your Collections Offers and Discounts Latest Deals Login About us

About Us

Our History

Welcome to Stock Galaxy, your number one source for all things such as products ranging from electronics to grocery items. We're dedicated to giving you the very best of our every products, with a focus on quality, customer service and uniqueness. Founded in 2021 by afraaz khan, Stock Galaxy has come a long way from its beginnings .When afraaz first started out, his passion for helping others drove him to research on delivering goods quickly and safely over large areas, and gave him the opportunity to turn hard work and inspiration into to a booming online store. We now serve customers all over india, and are thrilled to be a part of the E-commerce wing of the online shopping industry. We hope you enjoy our products as much as we enjoy offering them to you. If you have any questions or comments, please don't hesitate to contact us. Most of us have shopped online for something at some point, which means we've taken part in ecommerce. So it goes without saying that ecommerce is everywhere. But very few people may know that ecommerce has a history that goes back before the internet began. New technology continues to make it easier for people to do their online shopping. Once that's determined, you need to come up with a name and set up a legal structure.

What we do

Providing goods and services isn't as easy as it may seem. It requires a lot of research about the products and services you wish to sell, the market, audience, competition, as well as expected business costs. Once that's determined, you need to come up with a name and set up a legal structure, such as a corporation. Next, set up an ecommerce site with a payment gateway. For instance, a small business owner who runs a dress shop can set up a website

Get to know about us

Over 52000 new products to be launched by Indian Exporters on global websites for this year's Black Friday and Cyber Monday sale. During the BFCM sale in 2020 – Indian exporters on Global Selling saw a 50% YOY growth in sales. More than 300 sellers crossed INR 10 lakh in sales My Global Selling is a flagship program that helps lower the entry barrier for Indian MSMEs to start or expand their exports business using ecommerce. The program was launched in India in 2015 to help Indian exporters reach customers worldwide through our international websites and marketplaces. It provides an avenue for businesses of all sizes to build global brands. Today there are more than 70,000 exporters across India on the program, showcasing millions of Made in India products to customers in 200+ countries and territories across the world. Many of these businesses are first-generation entrepreneurs and emerging brands. Our Global Selling has been witnessing remarkable growth and Indian MSMEs exporting through the program have surpassed \$3 billion in cumulative sales till now. This reflects in the fact that it took the program 3 years to enable the first 1 billion dollars, the second billion came in 18 months and the third billion came in just 12 months.

Latest news and information

The film showcases our offerings and exemplifies the trust, convenience, safety, and ubiquity of the platform Bangalore, 16 th December 2021 : our announced the launch of 'You have it, you just didn't know it' – a campaign aimed to spread awareness about the exciting bouquet. Rapid growth in number of sellers coming online with us – 4.5 lakh+ new sellers have joined us.in since Jan 2020 including one lakh+ local offline neighbourhood stores in has grown

Stock Galaxy has come a long way from its beginnings .When afraaz first started out, his passion for helping others drove him to research on delivering goods quickly and safely over large areas, and gave him the opportunity to turn hard work and inspiration into to a booming online store. We now serve customers all over india, and are thrilled to be a part of the E-commerce wing of the online shopping industry. We hope you enjoy our products as much as we enjoy offering them to you. If you have any questions or comments, please don't hesitate to contact us. Most of us have shopped online for something at some point, which means we've taken part in ecommerce. So it goes without saying that ecommerce is everywhere. But very few people may know that ecommerce has a history that goes back before the internet began. New technology continues to make it easier for people to do their online shopping. Once that's determined, you need to come up with a name and set up a legal structure.

What we do

Providing goods and services isn't as easy as it may seem. It requires a lot of research about the products and services you wish to sell, the market, audience, competition, as well as expected business costs. Once that's determined, you need to come up with a name and set up a legal structure, such as a corporation. Next, set up an ecommerce site with a payment gateway. For instance, a small business owner who runs a dress shop can set up a website promoting their clothing and other related products online and allow customers to make payments with a credit card or through a payment processing service, such as PayPal. Ecommerce has changed the way people shop and consume products and services. More and more people are turning to their computers and smart devices to order goods, which can easily be delivered to their homes. As such, it has disrupted the retail landscape. Amazon and Alibaba have gained considerable popularity, forcing traditional retailers to make changes to the way they do business. But that's not all. Not to be outdone, individual sellers have increasingly engaged in e-commerce transactions via their own personal websites. And digital marketplaces such as eBay or Etsy serve as exchanges where multitudes of buyers and sellers.
